## OCD: THE WAR INSIDE (FILM) & Scott Rosborough, Speaker

*OCD - The War Inside*: 2001, NFB, 72 min. This documentary shows how Obsessive Compulsive Disorder has taken over the lives of several individuals. They present their personal stories with warmth, insight & honesty. This film also presents the ranges of ages affected as well as the various treatments attempted. The viewer is invited into the lives of those

affected with OCD as they experience anxiety, pain and courage while attempting to live normal lives.

*Scott will speak of his personal experience with OCD & aspects of his successful recovery. He is an energetic, authentic, positive and passionate voice for people with OCD. His enlightening & engaging style is wonderful to see.*
